## MRT CORP WINS BEST MAJOR INFRASTRUCTURE AWARD

***Award recognises Phase One of the MRT SBK Line as a project which demonstrated excellence in implementation***

**Kuala Lumpur, 18 September 2017:** Mass Rapid Transit Corporation Sdn Bhd (MRT Corp) has won the prestigious Best Major Infrastructure Project category at the Malaysian Construction Industry Excellence Awards (MCIEA) 2017.

The award recognises the Phase One of the MRT Sungai Buloh – Kajang (SBK) Line as a project that has demonstrated overall excellence in project implementation. The Phase One of SBK Line runs from Sungai Buloh to Semantan, with a total of 12 stations.

The annual Excellence Award by the Construction Industry Development Board (CIDB) recognises players of the construction industry that have contributed and demonstrated excellence in enhancing image, performance and improvement of the construction industry.

The best Major Infrastructure Project category covers projects valued at RM100 million and above.

To be eligible to participate in this year's Excellence Awards, the project must be completed in Malaysia within the period from 1 July 2014 until 31 December 2016, and issued with a Certificate of Practical Completion (CPC).

For this reason, Phase One of the SBK Line which was completed and opened for operations on 16 December 2016, was submitted as a contender for the awards. The entire SBK Line was only completed and began operations on 17 July 2017.

Receiving the award on behalf of MRT Corp at the MCIEA 2017 Award Ceremony on 15 September 2017 was Director of Strategic Communications and Stakeholder Relations Dato' Najmuddin Abdullah.
