## Realignment of Jalan Damansara due to Mass Rapid Transit (MRT) works

To facilitate the construction of the MRT KL Sentral Station, a stretch of Jalan Damansara in front of Muzium Negara, will be realigned beginning 22 Aug, 2012. This will be in effect for two years, ending in September 2014.

Safety barriers, hoardings and traffic cones will be installed on both sides of Jalan Damansara to ensure road users and pedestrians are pre-warned of on-going works.

We apologize for inconveniences caused to the public during the construction of this world-class public transport facility that will benefit Malaysians at large when completed in July 2017.
