## LANE NARROWING AT JALAN TUN MOHD FUAD TURNING INTO JALAN DAMANSARA

**Kuala Lumpur, 12 November 2013:** Mass Rapid Transit Corporation Sdn Bhd (MRT Corp) wishes to announce the narrowing of a single lane at Jalan Tun Mohd Fuad, Taman Tun Dr Ismail for a stretch of 30 metres from **13 November 2013 and onwards.**

This lane narrowing is at the middle lane heading towards the junction turning right into Jalan Damansara. Motorists on Jalan Tun Mohd Fuad towards Jalan Damansara will merge from 2 lanes to 1 lane just before the traffic light. *(Please see appended map.)*

This short lane narrowing is part of the traffic safety management to safeguard motorists as they converge with the busy Jalan Damansara. This streamlining of traffic also accomodates the traffic management scheme for the construction of the new MRT Taman Tun Dr. Ismail station at Jalan Damansara.

### **About the MRT Project**

*MRT is a new rail transport system for the Klang Valley. It is part of the government's Greater Kuala Lumpur/Klang Valley's National Key Economic Area (NKEA), under the Economic Transformation Programme. The Sungai Buloh – Kajang (SBK) Line runs for 51kms, from the north-west town of Sg Buloh to the south-east city town of Kajang. Upon completion, it will comprise 31 stations, and serve 1.2 million people along the route. It will also have strategic integration with KL's existing rail transport network, namely the LRT, Monorail and KTM Komuter, as well as intra and inter-city bus routes. The end result will be better connectivity for KL and its surrounding cities, while reducing the number of cars that enter the capital.*
